

# SCHOOL OF HOSPITALITY BUSINESS AND MANAGEMENT

## **DRESS CODE**

In an effort to create an atmosphere that reflects the students' future work environment, a dress code has been implemented within the School of Hospitality Business and Management.

This dress code is also an opportunity for students to learn the rules of “Savoir-être et Savoir-vivre” which imply both mutual and self-respect.

While in the school premises, students, staff and faculty are therefore required to wear a business formal attire, with the exception of practical courses for which they will be provided with the following uniforms:

- Kitchen uniforms for all kitchen related practice
- Formal service attire for all service and event related practice
- Casual service attire for service in outdoor settings or more relaxed environments (food trucks, sports events, etc....)

Those uniforms shall not be worn outside of the campus even when commuting to school from home. Students living outside the campus should only put on their uniforms once they reach the school's lockers.

This dress code will be applicable on working days, between 7am and 7pm, including during meals and breaks, and for students visiting during an internship, sick leave or day off.

For their initial year, the students will be provided with two dress code appropriate attires in order to have the minimum required wardrobe to attend the classes.

## **WHAT IS A FORMAL BUSINESS ATTIRE?**

A formal business attire implies that students should wear a full matching business suit, including a jacket and dress pants (or a dress skirt) and a tie for men.

# SHBM DRESS CODE

Here are a few indications that should help students prepare for these dress code requirements:
